Online Dictionary for Library and Information Science

Description. Beginning in 1994 as a five-page handout, the Dictionary of Library and Information Science was soon expanded and converted to electronic format for installation on the Western Connecticut State University Library Web site, where it is in high demand by library professionals, scholars, and students, and has won international praise.

"Dictionary for Library and Information Science" by Joan M

Like when you burnt that library book. Times, Sunday Times (2007) One church reported that it hired high school students during the summers to code and catalogue library books. Christianity Today (2000) The new school is importing all its textbooks and library books from Britain to ensure that the spelling is correct .
