WECC Wind Plant Dynamic Modeling Guidelines

The aim of MIC is to present Nordic research activities in the field of modeling, identification and control to the international scientific community.

Journal of Modeling, Identification and Control. ISSN 1890

Model predictive control (MPC) is an advanced method of process control that is used to control a process while satisfying a set of constraints.

Model predictive control - Wikipedia

Overview. System dynamics is a methodology and mathematical modeling technique to frame, understand, and discuss complex issues and problems. Originally developed in ...
